OTDELENIYE TEKHNIЧЕСКИХ НАУК (NEWS OF THE ACADEMY OF SCIENCES, USSR)
DEPARTMENT OF TECHNICAL SCIENCES

No 1-2 - 1944

Bardin, I. P. Academician

"Plan of Scientific Research, Department of Technical Sciences, Academy of Sciences, USSR, on Fundamental Problems." pp 3-12.

Ranzin, L. K.

"Continuous Ranzin Boiler and Prospects of Application of High Pressure Steam in USSR." pp 13-28. Submitted 7 Oct 1943 by G. M. Brzhizhanovskiy Academician.

Skochinskiy, A. A., S. Z. Makarov, T. V. Rode, Academicians

"Differential Method of Determining the Tendencies of Coals Toward Spontaneous Combustion and Some Results of Its Adaptability." pp 29-41, Submitted 17 August 1943.

Larin, A. Ya.

"Cracking of Heavy Petroleum Products Over Incandescent Surfaces." pp 42-47. ^{Mineral Fuels} Institute of Inflammable Minerals, Academy of Sciences, USSR. Submitted 18 Sep 1943 by S. S. Nametkin, Academician.

Bashkirov, A. N. and I. M. Vener

"Obtaining Carboic Acid from Phenols of Coal Tar." pp 48-50. Institute of Mineral Fuels, Academy of Sciences, USSR. Submitted 2 Aug 1943 by S. S. Nametkin, Academician.

Belyankin, D. S., V. V. Lapin P. S. Manykin, Academicians

"About One Case of Abnormally Rapid Depletion of Dinas Brick in the Crown of an Open Hearth Furnace." pp 51-53. Submitted 18 Oct 1943.

Samarin, A. M.

"Replacing Nickel with Nitrogen in Heat Resisting Steel." pp 54-57
Submitted 3 Aug 1943 by I. P. Bardin, Academician.

Pozdnyunin, V. L. Academician

"Supercavitating Propellers." pp 58-78. Submitted 16 Oct 1943.

Subbotin, M. F.

"Elastic Oscillations in the Case of Resistance Proportionate to the Square of the Velocity." pp 79-93. Submitted 2 Aug 1943 by V. S. Kulebokin, Academician.

Nel'son-Skornyakov, F. B.

"Movement of Ground Water through a Dam with an Undrained Bottom Diaphragm." Submitted 17 Mar 1943 by V. Ye. Vedeneyev, Academician.

Lotte, D. S.

"Homonyms in Scientific and Technical Terminology." pp 99-110
Submitted 17 May 1943 by A. M. Terpigorev, Academician.

No 3, 1944

Bykov, L. N.

"Nature of Endogenous Fires and a Complex Method of the Exploitation of Copper Pyrite Deposits." pp 113-131. Mining Geology Institute, Ural Affiliate Academy of Sciences, USSR. Submitted 13 Aug 1943 by L. D. Shevyakov, Academician.

Geront'yev, V. I.

"Basic Principles of Operation of Embanking Machines." pp 132-140
Submitted 19 Oct 1943 by A. M. Terpigorev, Academician. Institute of Mining
Academy of Sciences, USSR.

Sviridenko, P. A.

"Theory of Transitional Processes of Non-Synchronous Motors." pp 141-148.
Submitted 30 Jul 1943 by K. I. Shenfer, Academician. Power Engineering Institute
imeni G. M. Krzhizhanovskiy, Academy of Sciences, USSR.

Krasunskiy, V. K.

"Analysis of a Non-Synchronous Compensated Motor in the Generator Process."
pp 149-165. Power Engineering Institute imeni G. M. Krzhizhanovskiy, Academy
of Sciences, USSR. Submitted 22 May 1943 by K. I. Shenfer, Academician.

Zernov, D. V., M. I. Yelinson, and N. M. Levin

"Study of the Autoelectronic Emission of Thin Dielectric Films." pp 161-181
Submitted 29 Oct 1943 by V. S. Kulebakin, Academician.

Bedayeva, T. A. and F. I. Shanray

"Certain Characteristics of Aluminum with Magnesium and Calcium." pp 182-
188. Submitted 3 Sept 1943 by E. V. Britske, Academician.

Velikenov, M. A., Corresponding Member, Academy of Sciences

"Transfer of Suspended Alluvia by a Turbulent Current." pp 189-208. Institute
of Mechanics, Academy of Sciences, USSR. Submitted 14 July 1943.

Nelson-Skornyskov, F. B.

"Several Cases of the Flowing of Ground Water from a River to a Quarry."
pp 209-220. Submitted 25 Oct 1943 by I. S. Leybenzon, Academician.

Kobrinskiy, N. Ye.

"Kinematic and Dynamic Errors in Plane Mechanisms."

Nos. 4-5 1944

Pardin, I. P. Academician

"Concerning Basic Results of Scientific-Research Activity, Department of Technical Sciences, Academy of Sciences, USSR, 1943." pp 229-238.

Romanov, M. I.

"Methods of Accelerating the Remagnetization of Electric Motors." pp 239-257. Submitted 11 Dec 1943 by K. I. Shenfer, Academician.

D'yakova, M. K.

"Obtaining Liquid Fuel from Oil Shale by Means of Thermal Dissolving." pp 258-274. Institute of Mineral Fuels, Academy of Sciences, USSR. Submitted 5 May 1942 by N. P. Chizhevskiy Academician.

Kusakov, M. M. and K. S. Krym

"Tribometer with a Flexible Axis for the Measurement of Kinetic Friction Under Conditions of Boundary Lubrication." pp 275-287. Colloido-Electrochemical Institute, Academy of Sciences, USSR. Submitted 1 Dec 1943 by A. N. Frumkin, Academician.

Pykov, L. N. and T. I. Vinogradova

"Concerning the Question of Retardation of the Oxidizing Processes in Pyrite Mines." pp 288-292. Mining Geology Institute, Ural Affiliate, Academy of Sciences, USSR. Submitted 3 Nov 1943 by L. D. Shevyakov, Academician.

Bochvar, A. A. and O. S. Zhadayeva, Corresponding Members, Academy of Sciences, USSR

"Microstructure of Hypoeutectic and Hypereutectic Alloys of Real Systems." pp 293-304. Institute of Machine Studies, Academy of Sciences, USSR, Ministry of Nonferrous Metals and Gold. Submitted 31 Jan 1944.

Flaksin, I. N. and S. K. Shabarin

"Extraction of Palladium and Platinum from Oxidized Ores with Chlorination."
pp 305-308. M. I. Kalinin Moscow Institute of Nonferrous Metals and Gold.
Submitted 20 Apr 1943 by E. V. Britske, Academician.

"Concerning Ludwig's Curve of Flow." pp 309-312
Submitted 18 Oct 1943 by N. N. Davidenkov, Academician, Academy of Sciences, USSR.

Miniovich, I. Ya. and G. A. Firsov

"The Stabilizing Action of Screw Propellers." pp 313-321. Submitted by
V. L. Pozdnyunin, Academician.

Chronicle, pp 322-324

No. 6, 1944

Terpigorev, A. M. and M. A. Gerdov, Academicians

"Changes in the Fire Duct in the Process of Gasification of a Coal Bed
(Working Hypothesis)." pp 329-336. Institute of Mining, Academy of Sciences,
USSR. Submitted 2 April 1941.

Lidin, G. D.

"Zonal Distribution of Natural Gases in the Donets Basin." pp 337-345.
Submitted 4 April 1941 by A. A. Skochinskiy.

Bykov, L. N. and T. Vinogradova

"Question of Discerning the Dangerous Phase of Oxidizing Processes in Pyrite
Mines." pp 346-350. Mining Geology Institute, Ural Affiliate Academy of Sciences,
USSR. Submitted 3 Nov 1943 by L. D. Shevyakov, Academician.

Galpern, G. D.

"Application of the Abbe Refractometer and Waldman Coefficient in Hydrocarbon Dispersimetry." pp 351-357. Submitted 18 Sept 1943 by S. S. Nametkin, Academician. Institute of Mineral Fuels, Academy of Sciences, USSR.

"Concerning the Optimum Content of Eutectic in Foundry Alloys." pp 358-361. Institute of Machine Studies, Academy of Sciences, USSR. Submitted 11 Feb 1944 by A. A. Bochvar, Corresponding Member, Academy of Sciences, USSR.

"Determination of Acceleration of the Center of Gravity of an Automobile in a General Case of Motion along a Horizontal Plane." pp 362-374. Submitted 11 Mar 1944 by E. A. Chudakov, Academician.

Kobrunskiy, N. Ye.

"Kinematic Errors in Plane Mechanisms with Low Couples Caused by Inaccuracy in Link Sizes." pp 375-384. Institute of Machine Studies, Academy of Sciences, USSR. Submitted 20 Mar 1944 by N. G. Bruyevich, Academician.

Nikitin, V. P. and N. P. Kunitskiy, Academicians

"Theory of a Power Follower Electric Drive with Shunt Wound Direct Current Motor, Fed from Ionic Rectifier (Without Calculation of Inductance of Motor Armature)." pp 390-404. Submitted 24 Dec 1943.

Belyi, I. D. and V. V. Lopin, Academicians

"Solving Problems and High-Speed Control in Modern Aircraft Wing Section Control." pp 405-414. Submitted 25 Mar 1944.
